

## Emre Okçelen

**Date of birth:** 14 Mar 2003 | **Nationality:** Cypriot | **Phone number:**

(+90) 05338652216 (Mobile) | **Email address:** [emreokcelen03@gmail.com](mailto:emreokcelen03@gmail.com) |

**WhatsApp Messenger:** 05338652216 |

**Address:** Apartment 5, 3rd Floor, Building No. 10,, Sarrafali Street, Caferağa, Istanbul, Türkiye, 34734, Istanbul, Türkiye (Home)

### ABOUT ME

My name is Emre Okçelen, currently pursuing a Bachelor's degree in Computer Engineering at Marmara University, where I am in my senior year of study. Additionally, I am in my second(senior) year of an Associate degree in Graphic Design at Istanbul University. Throughout my academic journey, I have continuously developed my skills in software development by working on a variety of projects, which are showcased in my portfolio. These projects have significantly contributed to my programming proficiency and algorithmic thinking, while also providing me with valuable insights into user interface design and customer requirements. I am eager to further my career in the fields of Software Engineering, Game Development, and Design, and I am open to opportunities to collaborate on innovative projects.

### EDUCATION AND TRAINING

4 OCT 2021 – CURRENT İstanbul, Türkiye

**MARMARA UNIVERSITY COMPUTER ENGINEERING BACHELOR DEGREE** Marmara University

## WORK EXPERIENCE

 ANALIZ SYSTEMS – FAMAGUST, CYPRUS

### SOFTWARE ENGINEERING INTERN – 10 JUL 2023 – 2 AUG 2023

- **QR Menu Development:** Developed a QR menu system during a frontend developer internship, contributing to the user-friendly digital interface design and implementation.
- **Weekly Documentation and Presentation:** Systematically documented ongoing development progress on a weekly basis and presented the project milestones to stakeholders, ensuring transparency and alignment with project goals.
- **Technical Skill Advancement:** Enhanced technical expertise in Java and React, applying these technologies to build and optimize interactive frontend solutions.

 ESKA YAZILIM VE DANIŞMANLIK A.Ş. – İSTANBUL, TÜRKİYE

### SOFTWARE ENGINEERING INTERN – 1 JUL 2024 – 30 AUG 2024

- **Development of Module Systems:** Designed and implemented custom module systems for clients using the open-source platform Odoo, tailoring solutions to meet specific business requirements.
- **Error and Bug Resolution:** Conducted thorough diagnostics and successfully resolved errors and bugs within Odoo modules, ensuring seamless functionality and reliability.
- **Localization and Translation:** Translated Odoo modules into Turkish, contributing to the localization and broader accessibility of the software for Turkish-speaking users.
- **Technical Skill Enhancement:** Continuously improved proficiency in Python, XML, and Linux systems, applying these skills to optimize and develop robust software solutions.

 PIMASK INFORMATION AND TECHNOLOGY SOLUTIONS INC. – İSTANBUL, TÜRKİYE

**Business or Sector** Electricity, gas, steam and air conditioning supply

### FULL STACK DEVELOPER INTERN – 30 SEP 2024 – 10 JAN 2025

- **Database Management:** Designed and managed databases using Strapi, ensuring structured and efficient data storage.
- **Backend Development & Testing:** Developed and tested backend architecture utilizing TypeScript, Postman, and MinIO, ensuring API functionality and reliability.
- **Frontend Development:** Built an admin panel using React and TypeScript, enhancing the user experience with a dynamic and responsive interface.
- **Version Control & Reporting:** Managed project workflow through GitHub, handling version control, collaboration, and reporting.
- **Sprint Meetings & Progress Presentation:** Actively participated in sprint meetings, presenting completed tasks and discussing ongoing developments to ensure alignment with project goals.

## LANGUAGE SKILLS

Mother tongue(s): **TURKISH**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	C1	C1	B2	B2	C1
FRENCH	B1	B1	B1	B1	B1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

● SKILLS

Microsoft Office | Python Language - Basic knowledge | C Language | JavaScript- React | Assembly | Microsoft Powerpoint | Java - OOP | Javascript(Nodejs, ExpressJs) | Blender - Graphic Design | Unity Real-Time Development Platform | Html, Java, CSS | Git | -data baseMySQL | Multiple PHP (Laravel) Projects | Odoo Database | XML

● PROJECTS

Portfolio

During my academic semesters, I had the opportunity to engage in various projects involving different programming languages. These experiences significantly contributed to the enhancement of my algorithmic thinking and provided me with valuable insights into diverse customer perspectives through the creation of UI/UX designs and methodologies. Currently, I am directing my full attention towards Unity game development. I would greatly appreciate it if you could review my game projects, as well as my other work, available on my GitHub account.
